

GAPERGUIDE®

explore at your own pace!

Yellowstone & Grand Teton GPS Audio Tour

GaperGuide provides a self-driving audio tour of both Grand Teton and Yellowstone national parks – all in one. It's the easiest and most affordable way to tour the parks!

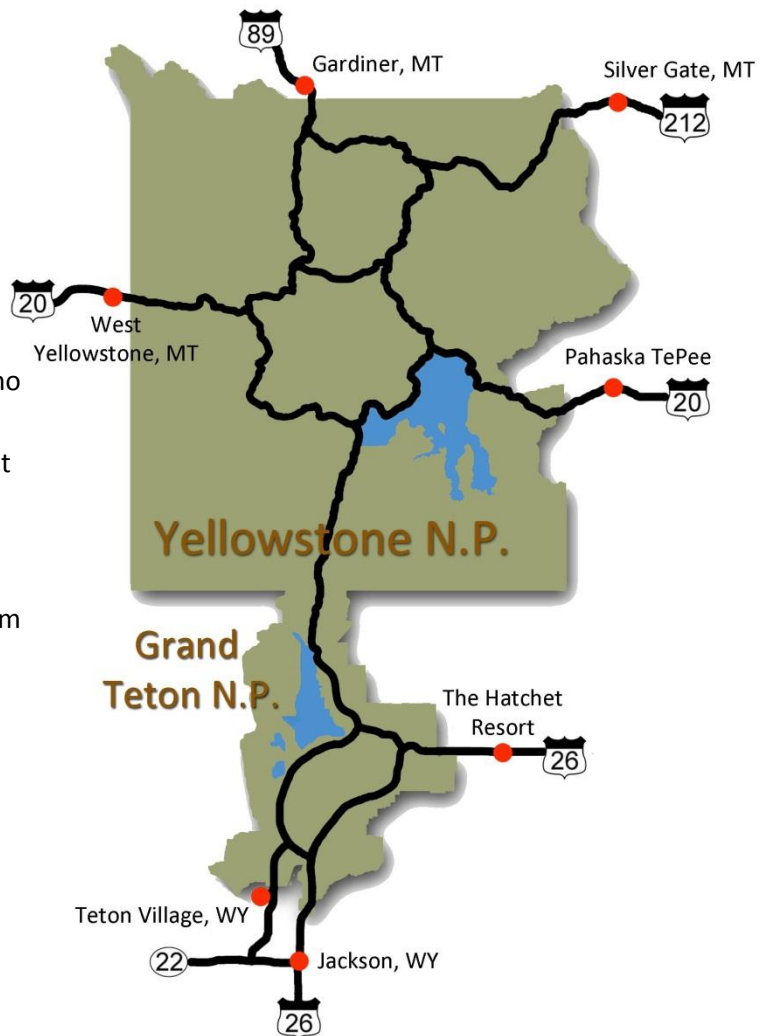

It's an ultra-simple GPS device that sits on the dashboard and talks about what you are seeing – at exactly the time you are seeing it. It knows where you are.

Getting and using a Guide is simple:

- **rent it** from any of our locations (see red dots)!
- **plug it in** to the cigarette lighter/power jack
- **drive and enjoy** in the national parks
- **return it** to any of the other locations (see red dots)

The Guide does the rest. The tour is based entirely on where *you* want to go and it goes at *your* pace. There is no required route or timing. It explains about the parks' history, science and interesting facts, and even points out the animal habitats, the good hikes, picnic areas and bathrooms.

½ day	= \$25	rent & return before or after 3pm
1 day	= \$44.98	return by 8 am the next day
2 days	= \$79.98	11% discount
3 days	= \$114.98	15% discount
4 days	= \$144.98	20% discount
5 days	= \$169.98	25% discount
6 days	= \$189.98	30% discount
7 days	= \$210.98	33% discount

GaperGuide is the **affordable** way for you and your family to enjoy your drive through the parks – instead of being distracted by guide books or needing someone to show you around!
